

Pupil Premium 2017-2018

In the year 2017-18 Lighthouse School had 17 learners who were eligible for additional Pupil Premium.

The breakdown of the learners accessing Pupil Premium is:

17	Secondary Free School Meals
1	Looked After
	Adopted Children
	Service Children

The Government has allocated Pupil Premium to the Lighthouse School through the funding mechanism described below:

Free School Meals	£935 per learner in year groups 7 to Year 11
Looked After	£1899 per learner
Adopted Children	£1,900 per learner
Service Children	£300 per learner

The total amount allocated was therefore:

Free School Meals	£15,895
Looked After	£1,899
Adopted Children	£0
Service Children Recorded as 'ever 4 service'	£0

Therefore the total amount allocated to Lighthouse School 2017-18 = £17,794

Use of Pupil Premium 2017-2018

PP Funding Purchase	Cost	Barrier Addressed	Impact
KS4 and KS5 students have a session a week led by a male role model to find preferred interests. All the Pupil Premium students in this cohort are male.	£552	Targeted students lacked self-esteem. This was a hindrance to their academic and social success.	Reduction in internal absconding, increase in academic engagement, fewer level 3 (high level) escalations.
In one group, a third of students are PP, so an additional tutor has been hired to support	£5601	Additional support based on their emotional needs to help increase access to the curriculum and maximise educational and social outcomes.	All students make expected or better academic progress. Fewer escalations and higher self-esteem amongst targeted pupils.
Targeted students to be offered a hygiene routine in school. Students to be taken to the supermarket and items to be purchased by school, based on their preference.	£150	Students to have improved personal hygiene, supporting their general wellbeing, as well as self-confidence and social interaction skills.	Half of targeted students improved personal hygiene. This led to independent showering at home and improved self-confidence.
Three hours of therapeutic support every week for PP+ student.	£1507	Student requires support around attachment to improve attendance, behavioural control, and to support their academic achievement	Student is consistently in full group teaching, taking part in lessons, and is making more academic progress than at any other point.
Three hours of weekly 1:1 mentoring, pastoral care, and counselling from Wellbeing to support a student with bereavement	£1377.12	Student requires grief support to maximise general wellbeing and ensure improved social communication skills	Student completed grief counselling with progress evident through level of understanding of bereavement. Student has increased self-esteem. Requires on going ad hoc intervention.
Early help practitioner hired to help a family and 1:1 intervention for child's pastoral care	£502.33	Student and family require support to maximise wellbeing, facilitate stability to ensure improved academic progress.	Student demonstrating increased academic progress, however, continued work required with family to maximise sustainability.
Additional key worker support for PP students, including home/school liaising allowing for a safe school and home environment	£475.86	PP students require bespoke support around their needs, whether self-esteem, social interaction, or academic progress	No gap between academic progress levels and social interaction skills between PP and non-PP students.
Accessing offsite extra-curricular activities as reinforcement for positive behaviour. One hour daily reward as reinforcement for	£3834	Positive encouragement maximises students' access to lessons, thereby improving academic	Multiple students had improved academic performance, directly as a result of increased access

good behaviour in taught lessons.		success. Members of staff required to facilitate	to lessons through (Behaviour for Learning.)
Transport to Community and 1:1 teaching of functional money skills in the local supermarket	£1216	Lack of independent living skills to purchase items in the supermarket without support.	Student continues to require support with mathematical element, but procedural aspect of purchasing items from supermarket can now be done independently.
Two hours weekly Wellbeing interventions	£951	Support one student's emotional wellbeing and maximise their access to learning	Student has increased internal attendance and is able to self-regulate and access more lessons.
Purchasing of Lexia	£2320	Used to raise achievement in Literacy across the school	Effective in supporting a few select students' literacy skills. Other options to be explored to have improved impact.

Total spent on PP students 2017-18 = £18,486.31
