

June 19 2018

Dear parent/carer

I hope you had an enjoyable half term break. I would like to take this opportunity to provide you with an update on new school initiatives.

We are continually looking to improving to the school and ensure that we are meeting the needs of our students and their families.

You will shortly be receiving via email, our first whole school parent/carer survey. The survey is available to complete electronically. We value your views, opinions and feedback, which can offer a real contribution to the successful running of the school. If you would like any support completing our survey please contact Deborah Laycock at the school by phone or email:
Deborah.laycock@lighthouseschool.co.uk.

The school parent/carer survey concentrates on the areas of academic progress and enhancing parent and carer engagement. Please take time to complete this important survey.

In other news, I would like to make you aware of a potential new training opportunity for parents. This is an accredited course from NAS (National Autistic Society) for parents of teenagers with ASC (Autistic Spectrum Condition) which, subject to demand, the school may be able to offer. I have enclosed further information with this letter. Please complete the attached tear off slip at the bottom of this letter to indicate your interest.

Additionally the school has recently received a number of holiday requests during term time with many of the families stating the sensory needs of their child as being the 'exceptional circumstances'.

As a response the school has facilitated one week which falls outside of Leeds Local Authority school year. This will support families to take a holiday during a time when many other children would be in school.

Finally, thank you for your continued support and co-operation. Please feel free to contact me directly with any questions.

Emma Sullivan

Principal

I would/would not (please delete one) be interested in finding out more about the NAS (National Autistic Society) training opportunity.
